

The first system of musical notation consists of two staves. The treble staff (top) contains four measures. The first measure has a yellow block with a red dot above it and the letter 'A' below. The second measure has two yellow blocks with red dots above them and the letter 'A' below each. The third measure has two blue blocks with red dots above them and a black triangle below each. The fourth measure has a yellow block with a red dot above it and the letter 'A' below, followed by a red block, a green block with a red triangle on its left side, a black triangle with a white triangle on its left side, a green block with the letter 'A' below it, a red block, and another green block with a red triangle on its left side. The bass staff (bottom) contains four measures. The first measure has a green block with a white circle inside and a brown block with a white circle inside. The second measure has a blue block with a white circle inside, a yellow block with a white circle inside, a black triangle with a white circle inside, and another blue block with a white circle inside. The third measure has a green block with a white circle inside, a brown block with a white circle inside, and another green block with a white circle inside. The fourth measure has a red block with a white circle inside, a white block with a black circle and the letter 'A' below it, a black triangle with a white circle inside, and another red block with a white circle inside.

*Dankt, dankt nu allen God*

The second system of musical notation consists of two staves. The treble staff (top) contains four measures. The first measure has a red block with a brown block below it and a green block to its right. The second measure has two grey triangles. The third measure has a yellow block with a red dot above it and the letter 'A' below. The fourth measure has two yellow blocks with red dots above them and the letter 'A' below each, followed by two blue blocks with red dots above them and a black triangle below each. The fifth measure has a yellow block with a red dot above it and the letter 'A' below, followed by a red block, a green block with a red triangle on its left side, and another yellow block with a red dot above it and the letter 'A' below. The bass staff (bottom) contains four measures. The first measure has a yellow block. The second measure has a green block with a white circle inside and a brown block with a white circle inside. The third measure has two grey triangles, a green block with a white circle inside, and a brown block with a white circle inside. The fourth measure has a blue block with a white circle inside, a yellow block with a white circle inside, a black triangle with a white circle inside, and another blue block with a white circle inside. The fifth measure has a green block with a white circle inside, a brown block with a white circle inside, and another green block with a white circle inside. The sixth measure has a blue block with a white circle inside.

Musical notation system 1, consisting of a treble and bass staff. The treble staff contains: a red and black triangle; a green bar with 'A'; a red bar; a blue bar; a brown bar; a green bar; two grey triangles; a red bar; a blue bar; a brown bar; a green bar with 'A'; and a green bar with 'A'. The bass staff contains: a red bar with a white circle; a white bar with 'A' and a black triangle; a black bar with a white circle; a red bar with a white circle; a yellow bar; a yellow bar with a white circle; a green bar with a white circle; two grey triangles; a yellow bar with a white circle; a black bar with '8'; a yellow bar with a white circle; a green bar with a white circle; and a white bar with 'A' and a black triangle.

Musical notation system 2, consisting of a treble and bass staff. The treble staff contains: a red and brown bar; a red and brown bar; a green bar with 'A'; a yellow bar with a red dot; a red bar; a yellow bar with a red dot; a black bar; a yellow bar with a red dot; a yellow bar with 'A' and a red dot; a blue and black triangle with a red dot; a yellow bar with 'A' and a red dot; a black and white triangle; a red bar; and a red and green triangle with 'A'. The bass staff contains: a yellow bar; a yellow bar with a white circle; a green bar with a white circle; a brown bar with a white circle; a blue bar with a white circle; a red bar with a white circle; a yellow bar with a white circle; a yellow bar with a white circle; a green bar with a white circle; a black and white triangle; a green bar with a white circle; a red bar with a white circle; and a blue bar with a white circle.

The image shows a musical score for piano, consisting of two staves: a treble clef staff on top and a bass clef staff on the bottom. The score is divided into four measures by vertical bar lines.

- Measure 1:** Treble clef has a red block with a black triangle on top. Bass clef has a red block with a white circle inside.
- Measure 2:** Treble clef has a green block with two 'A' symbols above it. Bass clef has a red block with a white circle, a black block with a white circle, and a white block with a black circle.
- Measure 3:** Treble clef has a red block, a cyan block, a green block, and a brown block. Bass clef has a black block with a white circle, a black block with a white circle, and a yellow block with a black circle.
- Measure 4:** Treble clef has a green block and a white block with a black circle. Bass clef has a white block with a black circle and a green block.
